

High precision linear actuator 8310 Series

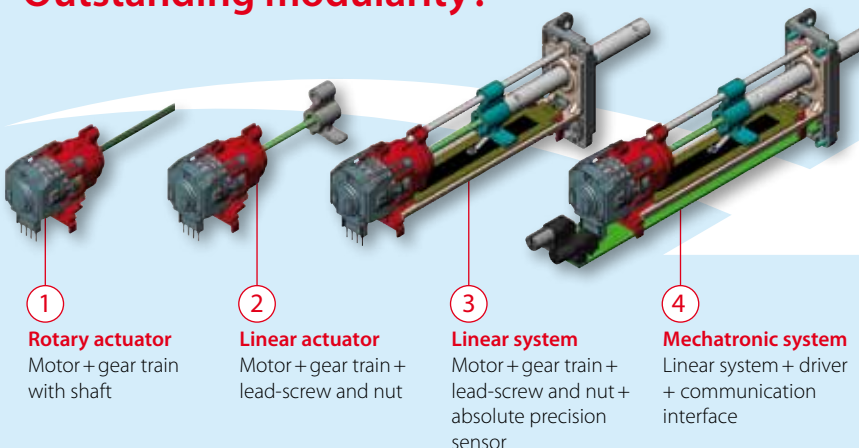

SONCEBOZ
from mind to motion

Features

- Modular linear actuator
- Increment/step: 0.005 mm
- Outer diameter: $<\text{Ø} 30 \text{ mm}$
- Linear force up to 100 N
- Linear speed up to 15 mm/s
- Integrated position sensor upon request
- Automated assembly process

Outstanding modularity:

Benefits

- Modular and compact motion system
- High movement accuracy
- Hassle-free solution
- Unparalleled cost/precision ratio
- Constant high quality level

Our core competencies consist of design, development and production of mechatronic drive systems and electric motors that operate in harsh environments. We are committed to improving safety, decreasing energy consumption and minimizing the impact on the environment. Our focus on innovation, best in class quality and exceptional service is our key to success for worldwide OEM customers and their suppliers.
